Your UserName is the Player E-mail Address you supplied when you registered for the team.

You were sent an e-mail receipt.

If you are not sure which one you used, try a few of your e-mails. If this fails call or e-mail us.

Anyone with brothers on the team who had the same Player E-mail supplied, we changed the UserName since the same e-mail was supplied for both boys. I sent an e-mail to all of you telling you what e-mail address we supplied.

If you have a brother and two different Player E-mails were supplied then we used the E-mail supplied.

Once you have changed your password you will be on the HAWK Profile page.
